

Call for Papers

a Session on

Additive Manufacturing Sensing and Control

2018 International Symposium on Flexible Automation (ISFA2018)
Conference Center of the Kanazawa Chamber of Commerce and Industry
July 15-19, 2018, Kanazawa, Ishikawa, Japan

Session Technical Focus

The focus of this session is on sensor design, signal processing, and feedback control for additive manufacturing processes. We cordially invite you to submit a paper to share your knowledge and expertise in all areas related to **Additive Manufacturing Sensing and Control**. Papers from the industrial sector are particularly encouraged. The session welcomes both theoretical and applied papers in areas including, but not limited to:

- new sensor technologies for AM
- control methods and technologies for AM
- process planning methods
- software for planning and control
- quality control methods

Paper Submission

The deadline for submission of your contribution to this session is **January 15th, 2018**. Both short and long papers will be considered and reviewed. For short papers, please submit an abstract of 300-500 words (a camera-ready manuscript is limited to 2 or 4 pages) and, for long papers, please submit a manuscript of no more than eight pages. All summaries and manuscripts should be submitted through the conference website at <http://w3a.kanazawa-it.ac.jp/ISFA2018/>.

Session Organizers

Narahara, Hiroyuki, Kyushu Institute of Technology

Furumoto, Tatsuaki, Kanazawa University

Bristow, Doug, Missouri S&T

Chen, Xu, University of Connecticut

Hoelzle, David, Ohio State University
